

Ways to Save Water

Do not use a sprinkler
if your town is having a
water shortage

Way to Save Water!!!

If you are trying to save water this book will tell you how. There are lots of way to save water. One: turn off the tap all the way. Saving drops will help.

Two: don't play in the sprinkler if your town is having a water shortage. It will use more than ten gallons of water a minute.

Do not waste water because our world depend on it. by Morgan
